

ANOTHER DAY AT TECHTV ...

Steve Ballmer: Mr. Allen, Mr. Allen, there's someone on the video phone for you!

Paul Allen: Not again. What's it about?

Steve Ballmer: Something about TechTV, sir!

Paul Allen: It's not Laporte again, is it? I thought we covered how to handle him.

Steve Ballmer: No, no, sir, it appears to be "Beaker" from "The Muppett show."

Paul Allen: Oh dear lord, put him through

...

Ray: Mr. Allen! Mr. Allen! It's horrible -- the girls have taken over! They might know the truth about the secret Microsoft-Nintendo plot to take Sony out of the market!

Paul Allen: Excuse me?

Ray: Mr. Allen! Mr. Allen! The truth! The truth! I tried to stop them! But they're going to figure it all out based on our 5 out of 5 star rating of the Game Boy Advance! Oh my god, it's horrible!

Ray: Not just girls, sir, it's Michaela and Erica! They're grilling poor Adam now!

Paul Allen: Good lord.

Paul Allen: Calm down man, calm down. They're only girls.

Ray: But first, sir, is it true that Bill Gates was at this party and he was THIS tall and covered in Jell-O pudding?
Paul Allen: No comment. Just point the video camera at this mess.
Ray: Okay sir!

Ray: Sir, sir, I'll point the camera on it in a second.

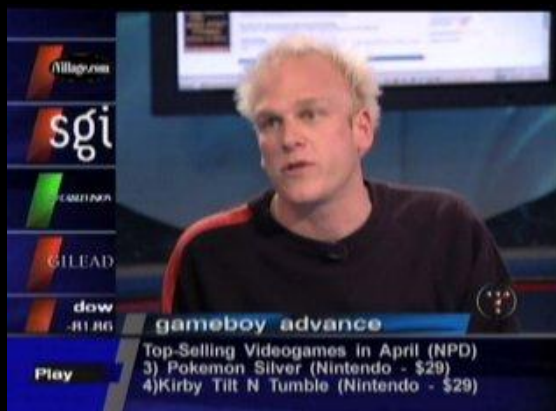

Michaela: So you're saying that girls can't appreciate the power of the Game Boy Advance because there are no "Girl" games for it?

Adam: ... Umm ...

Erica: Maybe he's not saying it, maybe he's agreeing that it's a horrible system and that the 5 star rating was improper.

Adam: No, that's not ...

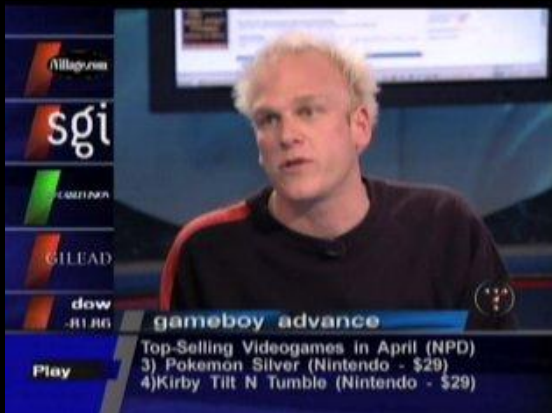

Erica: How cute, look at how fast his hair falls out as he sweats.
Michaela: You know, he's awfully bald for a 12 year old.
Erica: And what a dresser. By 12 I thought mommy stopped buying them "Geranimals."
Michaela: I hear you! Maybe he's compensating ...

Adam: Hey! That's not fair!

Laura: Maybe there's more to this, gals. I saw he and Ray riding around on new gas powered zooter scooters this morning. You KNOW Paul Allen doesn't pay us enough to afford those things ...

Adam: My scooter was a gift! A gift!

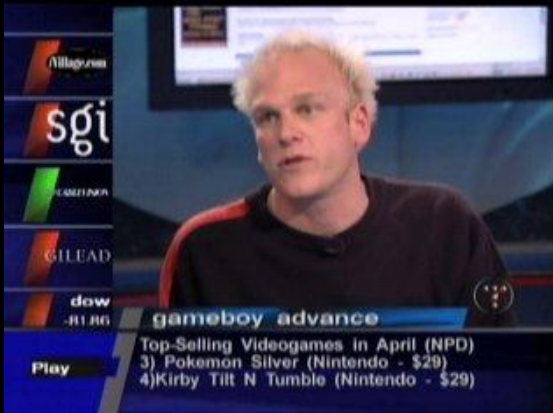

Robyn: 111111111111011110111111!
01111111011011111011!

Adam: Now don't swear at me! I didn't I don't know I ...

Erica: Hmm, a gift, someone gave him an expensive gift ...
Michaela: ... just as a lame product gets a 5 out of 5 rating ...
Erica: ... and more hair just fell out as you said that ...
Michaela: ... oh I think it's something bigger, Adam, is it something bigger?

Adam: How? What? No ... there's nothing bigger ... it was a ...

Anne: Aye, the laddie seems to be hiding something. Ladies, perhaps we should probe him further! Phasers awaiting on "stun," mates!

Adam: Whoa! Whoa! Whoa! No probes! It's in my contract! No probes!

Erica: So who gave you the scooter, Adam? Did you and Ray get paid for giving that thing such a high rating?

Adam: No! There was no ... Paul just ...

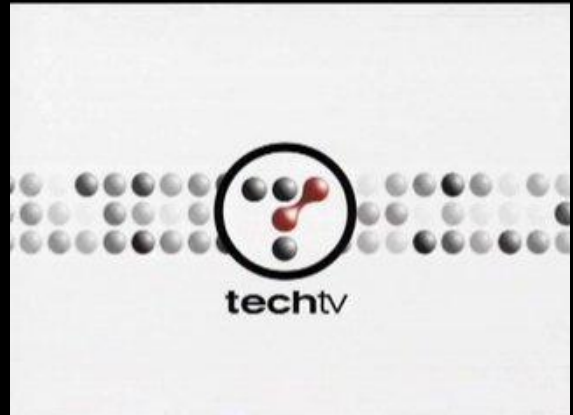

Michaela: There was no what? What are you trying to say?

Erica: SAY IT! SAY IT! SAAAAAAAAAAAAAY IT!

Ray: Sir! Sir! He's having problems! Sir, we need your help! What should we do!

Paul Allen: Ballmer, initiate Microsoft Clippy sequence 9 ...
