

ANOTHER DAY AT TECHTV ...

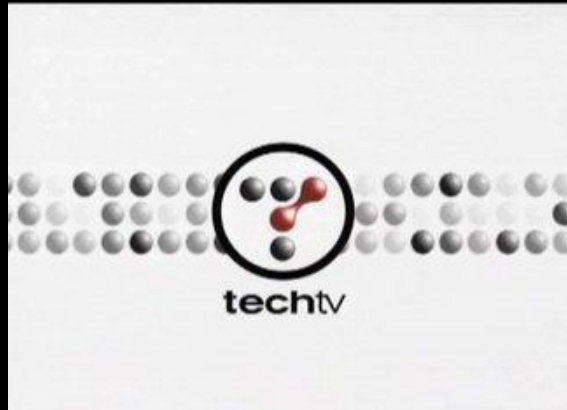

During the break ...

Michaela: The morning zoo stuff. Have you flipped?
 Erica: Umm?
 Michaela: You came back from vacation and you're acting weird. Is there something you're not telling me?
 Director: Girls, we're back in 5 ... 4 ... 3 ...

Erica: Mic and Ric in the morning here on K-Tech-TV.com. It's 9:30 AM and our rock and roll zoo crew is gearing up for a market report. Let's get down and get funky for our next kick ash look at the markets!

Michaela: GRRRR.

Somewhere in Nevada ...

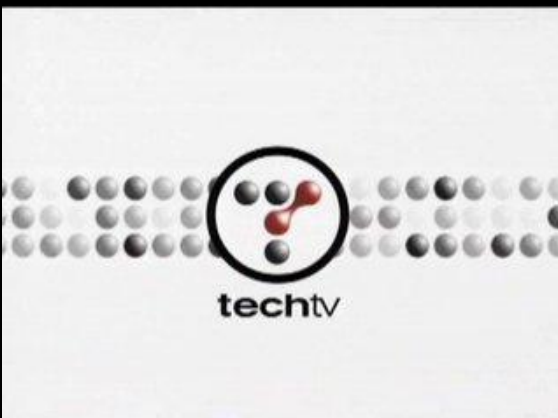

Leo: You know, with the money we made from that wrestling match you think I could have got myself a better rental car than this ...

Leo: I guess it could be worse, I am the nation's #2 rated terrorist mastermind, right behind Dave Thomas. Man, ugg, I don't mind being #2 but dang, I wish I knew he was a mad terrorist before I tried that Wendy's bullseye BBQ chicken onion-fried triple deluxe ...

Leo: ... for that he should get the gas chamber. Oh well, back for the hunt for Patrick. Hey, what's this in my rear view mirror?

Leo: Oh, this can't be good.

Two seasons ago on TechTV ...

Anne: Incoming, sir! Brace for impact!

Steve: Rosebud.

:::Boom:: :::Pow:: :::Crash::

Steve: Are we dead? Is our mission over? Is this the end of TechTV?

Anne: No, Cap'n, that was just the chat server crashing! A laddie here brushed it with his fingers when he was passing by. :::mutter::

Anne: Damn ye Patrick Norton.

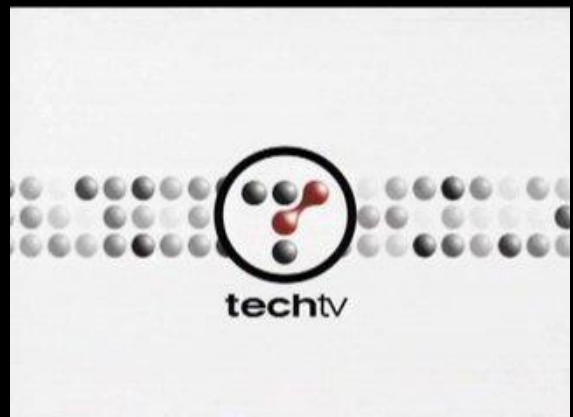

The Afterlife ...

Bill: I thought I was a goner! But I'm back at my beloved big board! Those doctors must have saved me.

Bill: I might not have my boogie powers but they can't keep me down!
 Strange Voice: Hope may not be yours, Bill Tucker, for this is the life beyond the land of the living ...

Yoda: ... and Disco, young Boogie, is your only hope ...

We'll be right back ...
