

CRAZY DAYS AT TECHTV ...

Nyssa: Hurry Doctor, we're missing it!
The Doctor: Patience child, patience!

Kate: Erica, do I need an excuse to stop by?
Nyssa: Doctor, not that feed, the other satellite! Quickly!
The Doctor: One second child.
Nyssa: Doctor, we're missing it!
The Doctor: Ah, how sweet, the dear is wearing the outfit I gave her. Ah, how I miss our times together. Walking through the spectacular gardens ... a meteor storm! And the sky above us was dancing with lights - purple, green, brilliant yellow ... making love in the ...

Nyssa: Whoa there, I thought there was no nookie in the TARDIS, Doctor!
The Doctor: Yes, err, right child.
Nyssa: ::singing:: We'll fast forward to a few years later and no one knows except the both of us ...
The Doctor: Err, what's that you're singing?
Nyssa: Nothing, nothing, so did you find the channel?
The Doctor: I think I have, yes, there you go!

Nyssa: OoooOoooh it's on! Pink is Astro-Tubular!
The Doctor: Thank heavens FOX and Microsoft are both wiped out by the Dalek Invasion of Earth 2150.
Nyssa: Oh Doctor!

Pink: Making my connection as I enter the room. Everybody's chillin' as I set up the groove!

Pink: Pumping up the volume with this brand new beat. Everybody's dancing and they're dancing for me!

Pink: I'm your operator, you can call any time. I'll be your connection to the party line!

Pink: I'm coming up so you better get this party started! (I'm coming up, uh huh!)

Pink: I'm coming up so you better get this party started!

Pink: I'm coming up so you better get this party started! (I'm coming up, uh huh!)

Jim: Jim Louderback in New York, again interrupting the Microsoft Windows XP announcement, where an apparent Roman-Themed All-Girl Dance Party is taking place on stage three.

Jim: What a display. Microsoft seems to be pulling out all the stops to cover up the fact that they rushed this product out and it's a subpar product. I mean, go back to that coverage for a second ...

Pink: All right! Now everyone take your clothes off and come up on the stage with us!

Jim: I mean, really, who would go for that kind of stuff? Topless people cavorting and gyrating around on a stage. Why they don't have this sort of filth at MACWorld!

Matt: So Jim, what exactly is your problem anyway?

Steve: Yah Jim, what's your damage? Why can't you enjoy the coverage like everyone else?

Greg: Guy, my sources over at CNN say that Jim's been seen wearing a ...
 Jim: Greg? I thought they fired him!
 Greg: Note to Jim: never let a guy back on the air after telling him that he's being laid off in 2 weeks ...

Matt: All right! So tell us about it Greg, was he dancing around with the tooth whitener again?

Steve: Matt, or maybe he was hit on the head and he turned into that Zoltan guy again. Now HE knew how to party!

Jim: Zoltan?

Greg: No no guys, it's something far worse. You're not going to believe this.

Matt: Dude, that's got to be pretty bad! I mean Zoltan was so uninhibited and Jim's a total square.

Steve: Yah, if it beats alone with a tooth whitener. Greg, tell us and we'll take you along next time Stacey Goes Wild at Spring Break.

Greg: Whoo hoo! Okay, sources say that Jim has been --

Jim: Cut his feed! Cut his feed! Don't make me do it myself again! Union? Union this buddy! Cut his feed or you won't get the tape of the FOX coverage you were promised in your contract! Ah-ha! So NOW you move your butt!

Greg: Guys -- before they cut me off! Jim's living a lie! He has a double identity! Check out his ...

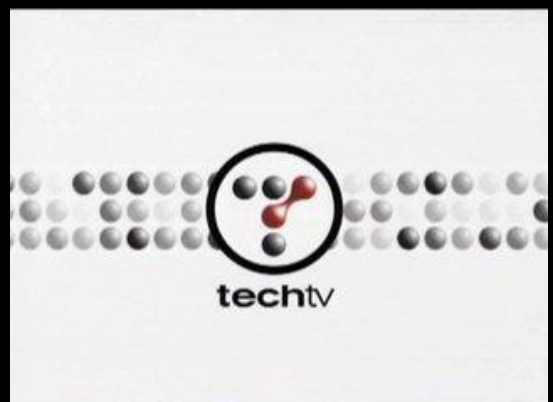

Nyssa: Doctor! Why did you turn that off? I was watching that!
 The Doctor: Prattle prattle, that's all those Americans do. You know what becomes of them in the end. Horrible how they all died due to the mishap with that Britney Spears person's nuclear powered implants. Just Horrible.

Nyssa: But Doctor, before that happens, that man had a secret! A deep dark secret that scared the other man. What was it? And was it ever revealed before they all died?

The Doctor: Well, Nyssa, you know what I always say ...
 Nyssa: Only time will tell?
 The Doctor: Only time will tell.
 Nyssa: Ratfarts.

We'll be right back ...
