

# hot buttered days AT TechTV ...

Erica: Toontown was shocked as 53 year old Toontown resident ...

Erica: ... Charlie Brown vanished from his home this weekend. Let's hear from neighbor Lucy Van Pelt on the disappearance ...

Lucy: Charlie Brown was under my psychiatric care. Of all my patients, he was the Charlie Browniest. It wouldn't surprise me if that blockhead finally did himself in this time. Hey, can you get me a gig on "American Idol?"

Erica: While authorities aren't ruling out foul play; the list of suspects who were annoyed by and wanted to kill the former child star are endless. Turning to domestic news ...

Erica: Known terrorist and Bush Twins corrupter Martin Sargent emerged from hiding today to return to visit friends in the Screen Savers' studio here at TechTV. Let's go to the hidden camera footage.

Martin: So there I was, running for my life from the forces of an angry George W. Bush. Man if he put 1/10th the effort into capturing terrorists as he did in getting back at the guy who soiled his daughters' reputation, there'd be world peace!

Leo: Ain't that the truth.  
Martin: Wait a second, aren't you supposed to be insane?  
Leo: Only on the air. Our faithful suckers, err, viewers, believe anything. Sales tactic, my boy, sales tactic!

Martin: Good thinking. Anyway, I found myself in the jungle. Far far away from here. Not even the CIA would follow me into the mighty jungle!  
Leo: The mighty jungle? The quiet jungle?  
Martin: You've heard of it? Thankfully the lion was sleeping that night ...

Martin: In the heart of the jungle I came upon an oasis, a cabin, that was my only refuge from the massive manhunt led by the father of darkness. I remember it now ...

Martin: Sung-Li, you've been my only hope! How can I ever repay you for saving me from the forces of evil?  
Stef: Uh ... my name is Stef.  
Martin: Sung-Li, kiss me again! Together

Martin: Did you see that? She wanted me!  
Leo: As do we all!  
Martin: In the deepest jungles of Africa, I find true love! She was a babe!

we'll survive the onslaught of peril!  
Stef: Right. No more refills for you.  
Watch those hands! Security! Security!

Leo: Well, Martin, I have a surprise for you.  
Martin: A surprise?  
Leo: Yes, on the phone with us, is your true love Sung-Li!  
Martin: Oh my god! I'm not dressed! My hair's a mess! Oh Sung-Li! My one and only love, after the Bush Twins!

Leo: Where exactly are you located?  
Stef: We're the Tiger-Tea Bar, Spa & Salon. We're actually located right next to your studio. Mr. Sargent dropped his wallet on the way out last night. He's also 30 minutes late for his back waxing. If you can tell him to stop by tonight we'll have it waiting for him and reschedule his session. Thanks. ::click::

Leo: I've had better.  
Martin: Riiiiiiiiiiight.

Stef: Uh, is there anyone there?  
Leo: Go ahead caller, I'm listening.  
Stef: Umm, is there a Martin Sargent there?  
Leo: Your true love is right here, Sung-Li.  
Stef: My name is Stef. Anyway, Mr. Sargent left his wallet here. He needs to come pick it up.

Leo: Deepest darkest jungles of Africa, huh?  
Martin: Uh ...  
Leo: Love of your life, second only to the Bush Twins, huh?  
Martin: Umm ....  
Leo: Hot oil wax while having a scone and sipping Earl Gray tea?  
Martin: I gotta go.  
Leo: Riiiiiiiiiiight.

Erica: Shocking. In other news, it's time for Billionaire Billionaire Bill's Bountyball lotto drawing! In just a few seconds we'll go live to Microsoft headquarters and one lucky TechTV employee may actually win the drawing and get paid in cash this week! Let's go live to that drawing ...

Bill Gates: Paul Allen, Paul Allen!  
 Paul Allen: Yes, Mr. Gates?  
 Bill Gates: You did assign yourself to the TechTV payroll didn't you?  
 Paul Allen: Yes sir, I'm listed as an employee just as we've planned.  
 Bill Gates: Excellent.

Paul Allen: Sir, the lotto drawing is up to \$4 Billion. Are you sure everything is taken care of? Laura took care of everything, right?  
 Bill Gates: Pish posh Allen, I can handle this on my own! I've been running the evil empire long before she came around.  
 Paul Allen: Oh no.

Bill Gates: Now look at your ticket and prepare to act surprised when I call out the winning numbers.  
 Paul Allen: Right-o, sir. We're on the air in 5, 4, 3 ...  
 Bill Gates: Hello TechTV employees, it's your beloved boss, Bill Gates. The winning numbers in this exciting lottery are: 8. 6. 7. 5. 3. 0 ...

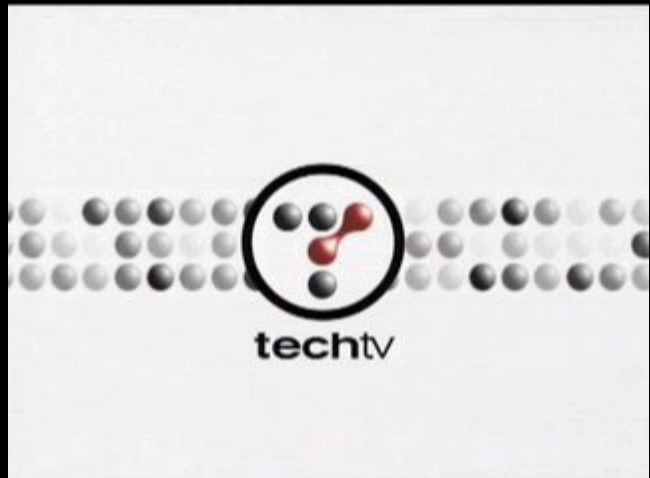

Bill Gates: ... and 9!  
 Paul Allen: Sir ...!

Erica: Well @\$\$. I never win anything.

Bill Gates: Allen, you're not jumping up and down. You just won! Are you one of those animatronics? Show some excitement!  
Paul Allen: Sir, there seems to be a problem here ...  
Bill Gates: Oh dear god.

Back to dancing for tips on the sidewalk behind the studio again ... @#\$#ing Microsoft. Oh, we're back. Yah. Umm. After the break we'll see if anyone at the network had the lucky numbers. Stay tuned!

Voice: I won! I won!

The End???
