

HAPPY DAYS AT TECHTV ...

Erica: ... and we're back at TechLive. In this segment we're going to continue our look at the "Morgan Webb, will you marry me?" hacking cases.

Erica: To the delight of millions of fans everywhere, our next guest will be none other than Morgan Webb herself -- live from the Screen Savers' studio!

Ken Marquis: Take it off, Morgan! We need the ratings!

Erica: How appropriate. Morgan, are you out there? Can you hear me?

Morgan: I'm here, Erica. Uh ... hello. What can I do for you today?

Erica: Well Morgan, we want to talk to you about ...

Morgan: This isn't about ... the incident is it?

Erica: Incident?

Morgan: Adam didn't mean it -- we're getting him the help he needs!

Erica: Help? What are you talking about?

Morgan: You didn't hear about the incident?

Erica: Oh, I smell a juicy rumor here!
Fill me in girlfriend!

Morgan: Erica, it's not. I don't know. I mean he's getting help now. It's kinda private.

Erica: Morgan, we at TechTV -- and our 30,000 viewers -- are a big family! I promise whatever you say will not go out of our little family here!

Morgan: Family? You mean that we're like sisters?

Erica: Sisters? Uh ... sure, sisters! Now tell us what's going on with Adam.

Morgan: Well, just because you're my older sister and all, it was pretty bad, god only knows where his pants went ...

Erica: Say what?

Morgan: Promise me you won't tell anyone! About his pants or his hair!

Erica: Hair? What happened to his hair?

Morgan: I said too much! Oh no, they're gonna yell at me! I can't say anything else! But his hair WILL grow back, I promise!

Erica: Okay. Okay. Okay. Can you at least tell me what he was doing when "the incident" happened?

Morgan: I think he was ... uh ... trying to ... ask me out.

Erica: Adam ... ask out a GIRL? News to me. Let's go to break!

Watch Out Girls, Adam's on the Prowl!
