Erica: We're back from break. Let's go live to Matt Mar --

Erica: Matt Mar --

Erica: Matt Mar --

Erica: Matt Mar --

Erica: Matt Mar --

Lindsey: Uh, Erica? Are you there?

Matt: Erica? Umm, hate to break it to you Lindsey, but Erica hasn't worked at the station for 6 months now!

Lindsey: What are you talking about, Matt? She's right here in studio. She's just acting strangely.

Matt: She's in studio? Then who the holy snikies is this?

Erica: ... and while senator assured everyone that he was not drunk, he couldn't account for his nudity.

Erica: In other news, former Microsoft CEO and current President of the United States, Bill Gates, announced his engagement to ...

Erica: ... am I reading this right? The Statue of Liberty. The young couple recently met in New York City and were seen together enjoying the sites of the city.

Erica: That's a concept that we're ALL afraid to contemplate, eh, folks?

Erica: Since there are no diamonds that size, the stone will be replaced with rotating cadre of live celebrities starting with "West Wing" star Martin Sheen.

Erica: While the bride to be is indeed a giant immobile statue, Mr. Gates said that she was more passionate than any of his previous wives and was saving herself for the big wedding night.

Erica: Mr. Gates went on to comment that he expects children from this pairing and that he's already ordered a 20 foot tall solid gold ring for his bride to wear as a symbol of their love.

Man: Oh Erica, you had us going on that one!

Woman: ::giggle:: You news girls really make me tingle!

Erica: But it's true!

Erica: But it was TRUE!

Erica: Think they'll ever figure it out?
 The Doctor: Dear girl, remember my old saying ...
 Erica: Only time will tell?
 The Doctor: That's right, my dear. Come along now, the lotus blossoms are quite magnificent on the 19th moon of Saturn this time of year!
 Erica: Oooh! ::swoon::

Man: Like the one time you were at that party and he was really tiny and covered in pudding? Oh please!
 Woman: That was just de-lish! Ta-ha!

Man: Ha! Ha! That Erica Hill, what a kiddier!
 Woman: We'll be right back!

Goodbye Erica! Tune in Again, Wont Ya?
