

CUSTARD FILLED DAYS AT TECHTV ...

Man: Was that bubble from the hot springs or did someone go heavy on the hot peppers last night?

Man: Oh you sillies, you know it was the peppers! It's ALWAYS the peppers!

Becky: You've got to get us out of here. It's not just naked people, it's ugly naked white people -- this is like a bad episode of HBO's "Real Sex."

Phil: You watch that show? I'm partial to "Family Business" on Showtime myself.

Becky: Blazing Feathers ...
Phil: It's Phil.
Becky: Feathers, Phil, whatever your name is -- I didn't come up here to discuss the merits of late night Skinamax! Just tell me if that thing can you use that thing to get us out of here!

Phil: I don't know. I can't see very well right now. I recon too much exposure to the naked ugly white people is leaving me blind.
 Becky: Yup, just like a episode of "Real Sex." God, I hate HBO.

Nudists: Dewdadewa! Dewdadewa! Dewdadewa!
 Dewdadewa! Dewdadewa! Dewdadewa!
 Dewdadewa! Dewdadewa!

Becky: What are they chanting? Where are you going? Phil! Tell me something! Phil!

Phil: We gotta get out of here! They're chanting a greeting for their god! It was just a legend! It can't be real! But if it is -- run for your life!

Phil: Oh no. We went the wrong way! This is his lair! We're doomed.
 Becky: Phil! Phil! What is it? Wait ... WHO is that -- and why is he naked? Oh no. Anything but ... him.

Chris: Hey Becky, come on in! I -- Chris Leary -- EXTREME News Dude -- say that the water's DEWWRIFFIC TO THE EXTREME!
