

# TRYING TO FORGET THESE DAYS AT TECHTV ...

It was easy to see where it all went wrong.

Leo's removal from the balance of power, the act of freezing him in time, changed everything we knew and not for the better.

In the absence of the self-anointed "king," those who wouldn't normally care got a glimpse of what could be and changed.

Some changed for the better.

Some did not.

Some tried to comprehend forces that were beyond them.

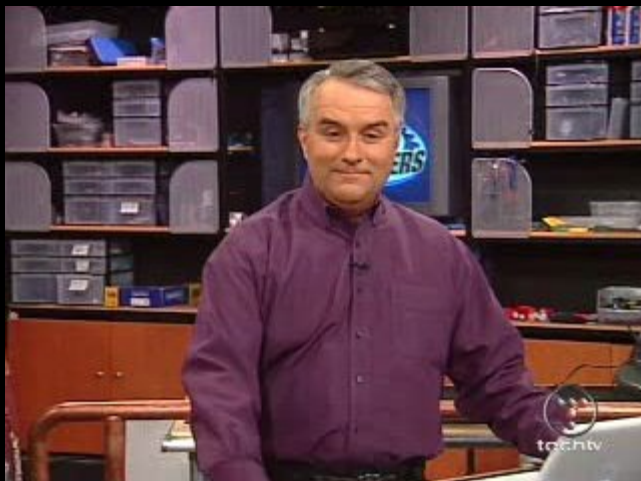

While others cowered in fear over a future without the "king."

Why was this man so important? He was nothing to look at.

He wasn't someone the girls would marvel over.

He talked in frenzied tones and acted in weird, often inappropriate, ways on the air.

Small children didn't look up to him. Heck, his own children froze him in time without batting an eye.

So what made his absence hit this world so hard?

Why did the world change so much when he was gone?

Two beautiful young girls with a single plan held all the answers ...

Continued.
