

The end of TechTV ... ???

Ward: Now Theodore, I'm glad we've found the time to sit down and work this out like men.

Ward: You know, from time to time our actions get the better of us. Our thoughts and our desires take hold and what's best for them, might not be best for us in the long run. Do you get what I'm saying, sport?

Beaver: I don't care what you're saying! Tootie and I are in love! In love! We're going to get married! And there's nothing! Nothing you can do about it, old man! Take your advice and shove it up your nose!

Ward: But Beaver, how will we ever explain this to your mother?

Almanac: May 23
2002: The Defense Departm

Laverne: Tell me that it's not true!
 Shirley: What?

Laverne: You went out with my Lenny! You went behind my back and you cheated with my boyfriend!

Shirley: Laverne! I couldn't -- I mean what about Carmine?
 Laverne: Carmine's gay and everyone knows it!

Shirley: Take that back about Carmine, you #\$\$\$@!
 Laverne: I'll cut you, I'll cut you good!

David Brady, portfolio manager for the Stein Roe Young Investor Fund, joined the firm in 1993

Wonder Woman: Damn that Steve Trevor!

Wonder Woman: Just because we have a fight, it doesn't mean he can lock me in a dungeon until I cool off! Damn him! Damn all these ... men. This "man's world" isn't for me!

Wonder Woman: I'll show him! I'll do it! I'll become a lesbian like Electra Woman and make out in front of him with my new female lover! That will show him! That will show him good!

Redrum! Redrum! Redrum!
