

The end of techtv ... ???

Sarah: So, what do you say? Are we tight or what?

Sarah: Well, don't everybody speak up at once. How about you, British guy, start us off.

Craig Charles: My name's Craig Charles, lassie, and my show is produced by British Tellie. It's already been picked up. So you can take your offer and stick it where you know it's good for you!

Sarah: Hmm, interesting. English dude is out. Patrick, you already dress like a gas station attendant -- are you going to go pump gas or are you going to come on board with us?

Patrick: You may not like my style ... and you may not like what I say next: I've already signed a contract with Comcast so you can kiss my fat white --

Sarah Lane: Hey! You will NOT use that kind of language on my set! I rule all here! Do you hear me? I rule! Do you all get that? SARAH RULES! SARAH RULES! SARAH RUUUUUUUUUUUUUUUUUUUUUUUUUUUULES!

Adam: I'm not worshipping you. I could go to GSN and work with my girlfriend.
Morgan: Yah, and even through we're friends, I already have a job and I don't NEED you.

Chris: I'm not going to worship you either. I only worship one person -- myself -- and this temple only has room for one!
Stephanie: Yah!

Laura: On behalf of everyone at Unscrewed -- you can take this job and shove --

Jessica: Waits! Waits! Maybes one um alien mazza blasta her brains and switched the real one with this one because she wouldn't acta fact poopie head!

Fred: That's right, gang, the REAL Sarah Lane wouldn't act like this!

Shaggy: Like dude, when did the back of our van like open up into a TV Studio?
Fred: Shut up you stupid stoner and let's go with the story!
Shaggy: Don't you ever get tired of being right about everything? I mean what if you're wrong this one time? What if Sarah Lane is just a big meanie-head and she's acting like a royal bitch on set because maybe in real life she's just a ...

Fred: Listen, Shaggy, all the clues point to an imposter! First, she thought Leo's jokes were funny. Second, she wasn't around when Leo "went to heaven," eliminating suspicion from her role in the plot. Lastly, she enjoyed making out with Kevin Rose and was groping him on camera any chance she got! The real Sarah Lane has MUCH better taste than that! Now let's pull that mask off and reveal ...

All: Carson Kressley from Queer Eye for the Straight Guy!
Carson: And I could have gotten away with it too if it weren't for all of you meddling straight people!

Can It Get Weirder? Yes!
