Reliving those days at techtu ...

Anne: The bloody abnormality cleared itself up on its own, sir! But wait, there's something else out there!

Steve: What could it be? Tilde, give us a status report!

Steve: Tilde? Yowsa! What an upgrade! Kristen: Hey!

Steve: What? I can look but I can't touch! That was our deal!

Kristen: Bastard!

Tilde: Sir, it seems to be humanoid. It won't last long out in the void.

Tilde: Sir, do you want me to beam him on board or what? He's dying!

Steve: Humina. Humina. Humina. Upgraded. Tilde.

Kristen: Beam him on board, Mister Tilde.

Anne: Beaming complete. Whatever it is, it's alive, Cap'n. But I dunno what we beamed on board since it canna be human!

Tilde: Captain? Captain?

Tilde: Thank you "number one," energize!

Tilde: If it's not human than ...

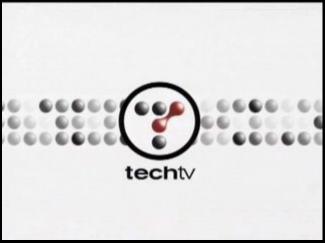

Kristen: ... ALIENS! Captain, what do you
think?

Leo: Who dat? Who dere?

Steve: Boobies. Oh sweet boobies. Err. No. Umm, let's have a look! Everyone, prepare for first contact!
